Subject: STOP THE SHRED ON SEPTEMBER 3, 2022

I am a citizen of Harford County and of Maryland and of the United States of America. I pay taxes so that you all can function as officials in our government.

Most, if not all, of you took an oath to the Maryland and the US Constitutions. That Oath that you took willingly was made to preserve and protect the rights of the citizens of this great County, State and Country.

To that end I am asking that you preserve ALL of the 2020 Presidential General Election Documents and all other materials that fall under State and Federal laws of retention for elections. I am asking you to preserve these documents and materials due to the unprecedented amount of evidence there now is across the Country to prove that the 2020 Presidential General Election was compromised and must be decertified in order to preserve the most precious right of every citizen – and that is our right to a free, fair, accurate and secure election.

These materials must be preserved in order for a full and honest audit to be done so that the citizens of this great Country know their votes counted and were not diluted, or stolen, or destroyed.

I am asking, no I guess I am demanding, that you as officials of this great State take heed to this request, as it is not an uneducated request. The people of this great Country know what is happening and will not stand for our elections to be infiltrated and stolen out from under our feet from either foreign or domestic bad actors.

Thank you for your prompt attention to this matter.

Sincerely,
